Abstract (en)

[origin: EP1650488A1] The lamp has a mains plug adapter (11) including an adapter body (16) and a mains plug (13), which includes two terminal pins (14) and is a shock-proof plug, which corresponds to a socket with earth contact. An illumination module (12) has a compact fluorescent tube and a bayonet cap, which is inserted into a bayonet socket in the adapter for connecting the adapter and the module. A ballast for the tube is arranged in the module (12).
