Abstract (en)
[origin: EP1659069A2] A carton, carton blank and method for packaging one or more articles, for example, frozen or chilled foodstuffs, the carton comprising a top wall (10) and a base wall (14) interconnected by opposed side walls (12,16) to define a tubular structure and end walls (18,20,22,24), wherein the top wall comprises an elongate tear panel defined by a pair of opposed frangible lines (364,368) said tear panel being provided with a first fold line extending transversely across the tear panel to define a pair of tear portions that are capable of being detached.
