Abstract (en)

[origin: DE10344994A1] The driver cab (1) comprises a modular roof (8) which has a transverse roof arch (7) forming part of the roof outer surface. The roof arch is attached to the front roof module (9) and the rear roof module (10). At least two different front roof modules and/or two different rear roof modules are provided which differ from each other with respect to their shape and/or function.
