Abstract (en)

Mixer head (1) for a portable power-driven compulsory mixer (2), said mixer head (1) comprising a first end (3) remote from the mixer, a second end (4) near the mixer and an axis of rotation (5), the mixer head (1) further comprising mixing means arranged between the first end and the second end. To provide a more efficient mixer head, the mixer head by rotation about the axis of rotation (5) defines a working space having the shape of a truncated cone with a diameter (d) at the first end (3) being smaller than a diameter (D) at the second end (4).
