Abstract (en)  
A modular in-line skate frame assembly (2) includes a shoe mounting horizontal plate (22), two spaced-apart lateral plates (21), and a fastening unit (23). The shoe mounting horizontal plate (22) includes a plurality of spaced-apart lateral plate connecting portions (223). The lateral plates (21) extend downwardly and respectively from two opposite ends of the horizontal plate (22), and has a plurality of spaced-apart link portions (213) provided on a respective one of the lateral plates (21). The link portions (213) are connected respectively to the lateral plate connecting portions (223). The fastening unit (23) extends through the lateral plate connecting portions (223) and the link portions (213) for fastening together the horizontal plate (22) and the lateral plates (21).
