Abstract (en)
A method of operating a Big Wheel game is provided. Primary player wagers on potential game outcomes are initially received from participating players. One or more potential game outcomes comprise a bonus feature. Additional player wagers on the game outcome comprising the bonus feature are received from at least one of the participating players. After the game outcome is determined, any player winning on their primary wager is credited their winnings. If the game outcome comprises the bonus feature, then any players who placed an additional wager are provided with the bonus feature. A gaming system for providing the Big Wheel game is also provided.
