Abstract (en)
[origin: WO2005024322A1] The invention relates to a drawer/insertable container combination (1) for a refrigerating appliance, comprising a drawer (11) and a container (1) that can be inserted into said drawer (11). According to the invention, the insertable container (1) comprises a container body and a handle (9) that protrudes from the container body and can be placed on the drawer (11) in a position wherein the container body is located inside the drawer (11) and the handle (9) protrudes past the front side of the drawer (11).
