Abstract (en)

[origin: FR2861694A1] Decorative strip (1) for applying to the side wall (44) of a food product container (40) between its base (43) and top (42) has one straight edge and one undulating edge giving it zones of maximum and minimum width, the latter being at least 2/3 of the former. The strip can be a film material printed with motifs aligned so that an initial strip can be cut into two lengthwise sections with adjoining undulating edges cut by a moving laser beam.
