Abstract (en)

[origin: EP1683612A1] Method for transporting flat flexible products, especially printed products, such as newspapers or magazines comprises gripping the product (14) using a gripping unit on the edge which is not to be cut, transporting on a conveyor to cutting devices (28) and cutting the edge (26) of the product. An independent claim is also included for a device for transporting flat flexible products, especially printed products, such as newspapers or magazines. Preferred Features: The cut is made using a knife (58) against a cutting batten or against a counter knife (58~) in a shearing and/or impulse cutting method.
