Abstract (en)

[origin: WO2005036352A2] The disclosure is directed to a system including a disease management advisor system configured to receive a disease management algorithm from a disease management advisor. The system further includes a healthcare provider system communicatively coupled to the disease management advisor system and configured to receive the disease management algorithm from the disease management advisor system. The system also includes a conversion module accessible to the healthcare provider system and configured to convert the disease management algorithm based on a controlled medical vocabulary.
