Abstract (en)

[origin: EP1690985A2] A snow compactor attachment for pistes, ski jumps, half pipes and other applications has a curved profile smoothing plate (3) rising towards the front and with a vibrator module (2) mounted in the rear of the support structure and behind the centre of mass (S) of the whole system. The front part of the structure includes a mounting bracket (4) to fit onto a support vehicle.
