Abstract (en)

The box (1) has a U shape upper part and a lower part constituted by a panel (13) extending in the extension of one of two legs (11) of the U shape upper part in a manner to define a volume (14) with a base (12) of the U shape part. A roller blind is placed in the volume and a section (3) is fixed to a base of the panel (13). The volume is closed at each of its ends by a flange (2) and at its base by a horizontal board.
