Abstract (en)
A waste outlet fitting 10 for use in a basin or bath is described. The fitting includes a brass housing 12 for sealingly mounting the fitting 10 within a waste outlet, the housing defining a throughbore. A brass plug 14 is captively received within the housing 12 and a brass actuator 16 is attached to the plug 14, for use in moving the plug 14 from the closed configuration to an open configuration. The outer surface 18 of the housing 12 includes a threaded portion 20 on which are mounted attachment elements 22 for securing the waste outlet fitting 10 to the basin or bath.
