Abstract (en)
[origin: WO2005061180A1] The invention relates to an insertion tool (12) for an angle grinder (2) comprising a hub (16) which is provided with at least one first fixing means for fixing said hub to the driving device (22) of the angle grinder (2). Said invention is characterised in that said first fixing means is disposed on a reference circle (54) having a radius (56) ranging between 12 and 25 mm.
