Abstract (en)

[origin: EP1702757A2] A method of applying colour or print onto essentially the same place on a number of plastics containers (10) in succession leaving a manufacturing apparatus. The method comprises the following steps: moulding the plastics container in a mould; ejecting (20) the plastics container in a fixed position; and applying colour or print (21) while the container occupies a position determined by this fixed position.
