Abstract (en)

Described is a container (10) for the packaging of products, more specifically for fruit and vegetable products, comprising a container body (12) and a lid (32) for closing the upper opening of the container body (12), which are generally asymmetrical in shape. The container also comprises a plurality of side ventilation openings made in the sides of the lid (12). The side ventilation openings (65), that are provided on one side (50) of the lid, are not aligned with the openings provided on the opposite side (48) of the same lid.
