Abstract (en)
[origin: WO2006027464A1] The invention relates to an ironing appliance comprising an iron (1) and a portable base (2) provided with a surface (21) for setting down the iron (1), said iron comprising a soleplate (10) on which a body with an integrated handle (11) is mounted. The invention is characterised in that the base (2) comprises means for immobilising the iron (1), said means engaging with the body of the iron (1) upstream and downstream of the handle (11) in such a way that the entire ironing appliance can be transported by the handle (11) of the iron.
