Abstract (en)
[origin: EP1712475A1] The labeling station has a label donation edge (18), a drive, a label magnetic tape, a label reel (19) and a carrier roll (20). The labeling station (15) has two building parts, where the first building part (16) covers the label donation edge and the second building part (17) covers the label reel. Both groups are adjustable with regard to a space axis against each other. The adjustment is horizontal in the area arranged with a space axis.
