Abstract (en)

[origin: FR2866150A1] The assembly has an external electric connector (3) provided with a solenoid valve (1) and electric connection units (C1) provided on a side of the solenoid valve. Other electric connection units (C2) conjugate of the former electric connection units (C1) are provided on a side of a solenoid valve (2) such that the cooperation of the connection units (C1, C2) is assured during the assembling of the solenoid valves.
