Abstract (en)

[origin: EP1728630A1] A guiding roller (6) guides a length (8) of paper from a reel changer area (2) via a paper front feeder pocket (4) in a floor construction (3) as well as a length guiding wall (11) into a printing couple area (1). The guiding roller is mounted in advance in a frame or in a casing as a structural component (10).
