Abstract (en)  
[origin: EP1731047A1] Perfected work glove, basically designed to cover the hand of operators working in paint booths, or any other activity that requires total cleaning asepsis to prevent any risk of contamination of the products manufactured, characterised in that it is fitted with a cuff (5), with the palm (4) and index finger (3) coated in polyurethane, the cuff (5) and the back (6) being made preferably of polyester fabric. The invention presented offers the main advantage of being able to fit to the hand with great comfort for the user, moreover, since it is coated with pure polyurethane its impermeability to paint, grease and oil is optimised, facilitating the recovery of the glove following a washing process.
