Abstract (en)

[origin: EP1736414A1] The assembly has a carton (10) comprising a portion (13) which forms a floor of the carton and is connected in a separable manner to a portion (12) of the carton. The portion (12) is composed of parts (12a, 12b) for forming the top part of the carton, where the parts (12a, 12b) are placed on both sides of the portion (13) and delimited by four edges. A display pack (80) is disposed inside the carton and comprises a wall (90) that is fixed to the portion (13) of the carton. Independent claims are also included for the following: (1) a method for packaging an object in an object transport and display assembly (2) a method for opening an object transport and display assembly (3) a board sheet arranged for forming a carton of an object transport and display assembly (4) a board sheet arranged for forming a display pack.
