Abstract (en)
[origin: WO2005097619A2] The invention relates to a packaging or support comprising a receiving pocket or a fastening means for a lamp. According to the invention, the on/off switch of the inserted flashlight is freely accessible, or an externally actuated means is provided for actuating a pressure switch, or an external switch is provided which is separated from the packaged lamp and forms part of an electrical circuit along with a wiring that is disposed in the packaging or the support, said electrical circuit also encompassing the flashlight battery and the light source.
