Abstract (en)
[origin: WO2005114383A2] Systems and methods for a collaboration between a plurality of participants (clients "A", "B" and "C"), comprising contacting a collaboration process (process "2") wherein the contacting is by a first participant (client "B"); qualifying one or more potential participants based on a role; selecting a second participant (client "C") from the one or more potential participants; inviting the second participant to join the collaboration; and receiving an indication of whether the second participant can join the collaboration. This abstract is not intended to be a complete description of, or limit the scope of, the invention. Other features, aspects and objects of the invention can be obtained from a review of the specification, the figures and the claims.
