Abstract (en)
A transportable medical facility (10) is convertible between a compacted condition for transport on a low loading trailer (51), and an expanded, freestanding condition for use. The transportable medical facility (10) comprises a base structure (11), a roof structure (14) and a pair of external side walls (15, 16) which together define an internal working area (19) when the facility (10) is in its expanded condition. Internal walls (26, 27) divide the internal working area (19) into a procedure room (38), a recovery ward (41) and other rooms such as an entrance lobby (28), a main waiting room (29), a sub waiting room (31), a staff lavatory (32), a patient lavatory (33), clean and dirty utility rooms (34, 35), a consultation room (36), a pre-procedural lobby (37), a patient changing room (43) a further dirty utility room (44) for the recovery ward (41).
