Abstract (en)
[origin: EP1752287A2] The sheet printing machine (1) has three Anilox offset print units (11, 12, 13), and an offset print unit (15) and provided by a roller-type inking unit (29). A fourth Anilox offset print unit (14) is assigned to the three Anilox offset print units and that the offset print unit (15) provides a special color (S1) with the roller-type inking unit. The Anilox offset print units (11, 12, 13, 14) have four-color printing inks such as Black (B), Cyanogen (C), Magenta (M) and Yellow (Y). The special color is a different printing ink from the four-color printing inks.
