Abstract (en)

[origin: EP1769961A2] The vehicle has a roof (5, 5a, 5b) that folds and stows in a rear compartment (19) behind the main passenger compartment (7). The rear compartment has a cover (21) in the form of a lightweight pliable or supple structure (210) that can be moved relative to the vehicle body (3), leaving an opening that gives access to luggage or other items in the compartment. The cover is supported directly or indirectly by the vehicle body, e.g. by an intermediate frame (31).
