Abstract (en)
A cash drawer (2; 60; 102) having a selectively concealable internal compartment (12; 70; 112). The drawer (2; 60; 102) is arranged so that the content of the internal compartment (12; 70; 112) cannot be seen when the drawer (2; 60; 102) is open. The internal compartment (12; 70; 112) may be selectively retractable into a concealed space or may be coverable with a cover (72). A solenoid (32; 132) may be used to conceal the selectively concealable compartment (12; 70; 112). A separate release mechanism (36, 38; 136, 138) may be provided for reversing concealment of the selectively concealable compartment (12; 70; 112).
