Abstract (en)
[origin: WO2006018143A1] The invention relates to cyclic organosilicon compounds of formula (I) wherein the groups and indices have the designation cited in patent claim 1. The invention also relates to a method for producing said compounds, and to a method for producing copolymers by reacting cyclic organosilicon compounds of formula (I) with compounds (2) comprising hydroxyl groups, and optionally polyisocyanate (3).
