Abstract (en)

[origin: WO2006020637A1] An electronic floor display system (100) has an alerting feature (105, 205) to encourage persons standing near or on the floor display system to look down and observe its display. The display system comprises a housing having an outer shell (110) and a transparent or translucent cover (115), enclosing and/or supporting components including a controller (120); plural sensing devices (103); plural alerting devices (105, 205); and one or more electronic display devices (117).
