Abstract (en)

[origin: EP1787911A1] Production of a packaging filled with banana clusters comprises preparing several banana clusters, preparing a rectangular inner packaging (2) with four walls (4a-4d) arranged at right angles to each other and a base (5), placing a transparent protection on the base to cover the opening in the base, arranging a plastic bag above the transport protection in the inner packaging, placing a first layer of banana clusters in the bag, covering the first layer with further banana clusters and placing a further layer of banana clusters in the bag and closing the packaging with an outer packaging. Preferred Features: The transparent protection is large enough to extend from one side wall up to a parallel side wall in the inner packaging.
