Abstract (en)

What is described is an ironing press for domestic use combined with ironing board and a way of connecting the additional ironing surface (1) with the ironing press for domestic use. Ironing press for domestic use combined with ironing board consists of any common ironing press for domestic use and an additional ironing surface with absorption or expansion or without, which has reasonable length and can be connected to the ironing press for domestic use through different ways of connection or by expanding or extending of the ironing press, allowing the operation of the ironing press for domestic use as an ironing board as well, for the ironing of garments etc., by using a hand iron - steam iron, connected or not to the ironing press.
