Abstract (en)

[origin: EP1801307A2] The snow guard is provided as a snow stopper (10) and having a fastenable catch. The snow stopper has a clamp (20) which is expandable. The snow stopper is upwardly arranged having an edge catch, which is provided away from a top area. The clamp is attached on top area on a side edge of the catch. The snow stopper is formed from a curved metal band and the clamp is attached on the top side of the curved metal band. An independent claim is included for a clamp.
