Abstract (en)

[origin: EP1806763A2] A plasma display panel is provided. The plasma display panel includes a front substrate (200) and a rear substrate (210) adjoined together with a given distance therebetween, a barrier rib (112) partitioning discharge spaces and non-discharge spaces between the front substrate and the rear substrate, and a black layer (206) shielding the non-discharge spaces. A ratio of the area of the discharge spaces to the area of the discharge cells ranges from about 0.45 to about 0.59.
