Abstract (en)
[origin: EP1808351A1] The desk has a driver's control desk cover (3) having air inlet and airoutlet openings (7, 8), and an air conditioning unit (5) covered by the cover during the operation, where the unit has air intake- and discharge openings. An air guide (10) is extended between the intake opening and the opening (7) in a pressure-tight manner. A guiding channel (11) guides air and includes a bypass opening (13) for generating a bypass flow, where the bypass opening has a fine filter (14). The unit has heating and cooling units and is adjusted for pre-cooling or pre-heating an instrument in the cover.
