Abstract (en)  
An organizer system (100) includes an interior space defined by a frame, the frame including a first sidewall (1), a second sidewall (2), a back wall (7), a top wall (5) and a bottom wall (6); the top wall (5) and the bottom wall (6) each include a right segment and a left segment. The system further includes a first door (11) connected to the frame and extending substantially from the top left wall segment to the bottom left wall segment and a second door (12) connected to the frame and extending substantially from the top right wall segment to the bottom left wall segment; each door (11,12) further defines the interior space and opens outward from the interior space. At least one storage element is disposed within the interior space.
