Abstract (en)

A replacement cartridge (10) for a razor assembly is provided that includes a shaving aid body (12) for use with the razor assembly. The shaving aid body (12) includes an aperture (24) disposed within a contact surface (30). The aperture (24) is sized to receive a razor cartridge (26). Some embodiments of the present replacement cartridge (10) include a base (14). In some of those embodiments the base (14) includes one or more features for attaching the replacement cartridge (10) to the razor assembly.
