Abstract (en)
[origin: EP1816405A2] The present invention relates to an indoor unit of an air conditioner. The present invention provides an indoor unit of an air conditioner, having a picture frame panel, the picture frame panel including a picture frame base mounted to a front of the indoor unit, a deco-frame rotatably mounted to a front of the picture frame base, and a supporting unit for supporting the deco-frame in a case the deco-frame rotates with respect to the picture frame base, thereby permitting easy replacement of the exhibit being mounted on the picture frame base by setting a rotated state of the deco-frame.
