Abstract (en)
[origin: WO2006065412A1] The present invention relates to a decorative device for a non-food item, kits relating to the device, and methods of making the device. In one embodiment, the decorative article includes a non-food item having a first portion (46), a second distal portion (50), and a middle section (48) disposed between the first and second portion. A decorative article (60) is attached to the first portion (46) of the non-food item. And, a decorative base (62) is attached to the second portion (50) of the non-food item. In another embodiment, the decorative article does not extend to the second portion of the non-food item.
