Abstract (en)
[origin: GB2420987A] A floor mountable golf practice device bearing indices of at least two variables from: the position of the golf ball, the direction to the target, the angle or position of the player's non-target foot, the position or angle of the target or non-target foot in addressing the golf ball. Preferably the device is in the form of a mat and a frame having first and second arms slideably connected to the main body of the device. The mat may have cut-outs 5 in which the player's foot may be located.
