Abstract (en)
[origin: DE202004018649U1] The material has corner joints (74-77) placed between two sets of folding lines (7- 8, 11-12). The joints split a cardboard portion of the bottom wall tabs (9, 10) and side wall tabs (15-18). The cardboard portion is introduced between scratch lines (61-64) that spread outside the sidewall tabs. Glue tracks (78-81) of the corner joints (74-77) extend away from the folding lines (7-8) at a distance above the folding lines (7-8).
