Abstract (en)
[origin: WO2006065249A1] A spectacles set includes a primary frame (10) which includes two nose supports (13, 14) thereof and a detachable magnetic auxiliary frame (20) adapted for mounting in front of the primary frame (10). The detachable magnetic auxiliary frame (20) includes a auxiliary frame (21) for supporting two auxiliary lenses and a pair of magnetic attachment arrangements (24, 25) connected to the auxiliary frame. Each of the magnetic attachment arrangements includes a supporting arm extending rearwardly from the shelter bridge (211) to securely mount the auxiliary frame in front of the primary frame and a magnetic seat which is connected to the supporting arm and extended to magnetically attach the nose supports of the primary frame so as to hold the auxiliary frame on the primary frame in position.
