Abstract (en)

[origin: WO2006076883A1] The invention relates to an intake and processing device for individual or bundled notes, in particular bank notes or cheques. Said device comprises a transport unit (1) for the notes (7) and a printing station (2) that is located on the transport unit (1) for printing individual notes (7). The printing station is equipped with a printing head (9) and printing counter-face (11). The device is characterised in that the distance between the printing head (9) and the printing counter-face (11) can be modified.
