Abstract (en)

[origin: EP1854955A2] The partition wall (1) has a wall part (2) with frameless glass elements (3) that are arranged for forming a clam-shell. A bottom construction (4) and a covering construction (5) are provided for mounting the glass elements that are glued with an outer surface of the bottom construction and the covering construction over an adhesive tape. The bottom construction has a mechanical load transfer element, on which the glass elements are supported.
