Abstract (en)
[origin: WO2006094601A1] The invention relates to chromen-4-one derivatives, the production thereof, and the use of the same for the care, preservation or improvement of the general state of the skin or especially the hair, and for the prophylaxis of time-induced and/or light-induced ageing processes of the human skin or especially human hair. The invention also relates to preparations with an active content of such chromen-4-one derivatives.
