Abstract (en)
The swimming pool (1) is of the kind for domestic use and is located on the ground, in such a way that an external surface is visible that can include reinforcement elements or bars (2). The lining is constituted by means of a lining body (3) with geometry similar to that of said external surface or adaptable thereto, so that it is incorporated into the swimming pool surrounding it tightly and covering said external surface, along with the said bars (2) in the event of there being any or optionally beneath them.
