Abstract (en)

[origin: CN101677615A] The invention relates to a kit for sweetening food, which comprises a) a sweetener composite with non-standard sweetness levels; and b) a container for containing a part of the sweetener composite, wherein the container has a specification, which is used to illustrate the sweetness level of the sweetener composite relative to the standard unit dosage of cane sugar. The invention also discloses a method for sweetening food.
