Abstract (en)

[origin: WO2006098614A1] Board (10) for a board game to be played by one person, comprising a flat first panel (1), of which a surface intended as upper side is subdivided into squares (4) by rows and columns, wherein one square in each column can be marked as desired by means of at least one marking means (8, 8') coupled fixedly to the board, which board comprises a second panel (2) arranged against the underside of the first panel, wherein the at least one marking means comprises a plate-like marker element (9, 9') which, by means of an operating element (7, 7') extending through the second panel, is displaceable between a first position in which the marker element is not visible and a second position in which the marker element is visible on the upper side of the board behind a window (5) formed in the square.
