Abstract (en)
[origin: WO2006114238A1] The invention relates to a textile sheet material comprising at least one first and second twisted threads, wherein said first and second twisted threads contain at least one shear-resistant yarn in the form of a component, a second twisted thread contains a non-shear-resistant yarn in the form of a second component and said non-shear-resistant yarn of the second twisted thread consists of elastofibres. A protective clothing containing said sheet material is also disclosed.
