Abstract (en)
[origin: EP1881101A1] Domestic washing machine, of both the front-loading and top-loading type, comprising a filter compartment (1) and an associated closing cap (2), and a small front panel (3) on the inside of which said compartment is formed, wherein said cap is provided with a through-hole (4) which can be closed by a respective small lid (5); said hole is arranged in a projecting position with respect to said cap and said small front panel and is arranged in a position substantially at the bottom of said cap, when the latter is closed. Moreover the cap is provided with a raised central grip (8) and said hole is arranged on said central grip.
